

EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Richard Eldredge on 03/10/2011.

The application has been amended as follows:

Replace the Abstract as follows:

A method of presenting digital content to a user on a display of a computing device displaying a continuous stream of digital content in a stream portion of the display, obtaining a current context of the user and the computing device, providing contextual sensitivities for the digital content items, determining a value for the digital content item's relevance of being displayed, calculating a probability of displaying the digital content item based upon the value of the digital content item's relevance of being displayed, performing a random selection of the digital content item based upon the probability of displaying the digital content item, and presenting the digital content item in the stream of digital content being displayed.
